Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the US 52 and US 176 Intersection Improvement project in the surface transportation reauthorization legislation.

The project sponsor for this project is John Cribb and the project is located at US-52 (Goose Creek Blvd) and US-176 (St. James Ave), Goose Creek, SC 29445.

The funding is designated for intersection improvements that would improve the current Level of Service of the intersection, which is an F, overall.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: address and improve the traffic operations, address safety concerns, and maintain a regional mobility into the future along this thoroughfare.

I certify that neither I nor my immediate family has any financial interest in this project.

All the best,

Nancy Mace  
Member of Congress
